COUNTY OF LOS ANGELES

LA County

Financial Clinic

Available through the Los Angeles County Department of Economic Opportunity

Just like your physical health, a business's financial health requires regular care. **LA County's Financial Clinic** provides one-on-one guidance, education, and resources from financial consultants to help business owners understand available options, manage challenges, and build financial growth and stability.

Services Include:

Financial Counseling

- Financial assessment
- Financial/ business planning
- Fiscal management
- Profitability and growth strategy

Debt & Credit Counseling

- Debt counseling with certified counselors
- Customized debt management plans
- Structured repayment services

Educational Workshops

In-person and virtual group sessions covering:

- financial literacy
- budgeting
- money and debt management
- and more!

*Available in
English & Spanish!*

Access to Capital

- Loan readiness support
- Application preparation
- Financing options and referrals
- Documentation assistance

**Get your free check-up and
enroll today!**
